§15-409. Residential Permit Parking.

1. *Legislative Findings.* The Borough of Millbourne is situated in the hub of an urban mass transportation system and is contiguous with Upper Darby’s 69th Street Terminal Complex through which large numbers of commuters must pass in order to enter or leave the City of Philadelphia and its western suburbs. Numerous nonresidents

enter in automobiles at various times of day and night and utilize curbside parking spaces. The limited number of curbside parking spaces in the Borough, together with the large influx of nonresidents in automobiles creates a situation in which drivers circle Borough streets repeatedly in order to locate curbside parking spaces, thus increasing vehicular congestion in the Borough and contributing to a condition of air pollution. Such congestion creates excessive noise and refuse, adversely affecting the quality of life for residents of the Borough. Further, such vehicular congestion tends to increase illegal parking, creating dangers due to blocking of fire lanes, fire hydrants, and other facilities required for emergency vehicles, both in reaching victims and transporting them to hospitals. The Borough Council further finds that such vehicular congestion reduces traffic safety and creates hazards for pedestrians, particularly children and senior citizens. In the course of attempting to effectively reduce such vehicular congestion, the Borough has adopted numerous parking restrictions which are designed to control the flow and volume of vehicles, but which ultimately work a hardship on residents in the Borough by effectively denying them access to unmetered curbside parking ordinarily enjoyed by residents.

2. *Legislative Purpose.* It is the legislative purpose of the Council of the Borough of Millbourne to assist residents in the Borough who suffer adverse effects from vehicular congestion resulting from the existence of limited numbers of unmetered curbside parking spaces and large numbers of nonresidents competing with residents for curbside parking spaces, or from parking regulations designed to control the flow of vehicles which ultimately work a hardship on Borough residents. The adverse conditions include, but are not limited to, hazardous traffic conditions, air pollution, excessive noise and refuse, unreasonable burdens in gaining to residences, reduced traffic safety, reduced pedestrian safety, particularly for children and senior citizens, blocked fire lanes and fire hydrants, reduced efficiency in the movement of emergency vehicles, and general reduction in the quality of life. It is the further intent of the Council to make more efficient the said mass transportation system by encouraging commuters to carpool and to prompt those agencies and establishments contributing to increased traffic to help promote additional parking facilities.

3. *Definitions.* As used in this Part, the following terms shall have the meanings indicated:

Dwelling unit—a single unit providing complete, independent living facilities for one or more persons, including permanent provisions for living, which normally include provisions for sleeping, eating, cooking and sanitation, but which shall also include each room in a rooming house.

A parking permit shall not authorize the stopping, standing, or parking any vehicle in such places and during such times as the stopping, standing, or parking of vehicles is prohibited or set aside for specific types of vehicles. A parking permit shall not excuse the observance of any traffic regulation nor shall it excuse the necessity for depositing fees in coin-operated parking meters except after 6 p.m. local prevailing time and before 8 a.m. local prevailing time 7 days per week.

C. Whenever the holder of a parking permit, or the vehicle for which the permit was issued no longer fulfills one or more of the applicable provisions of this Part, the holder shall surrender the parking permit to the Enforcement Officer.

D. Until its expiration, surrender, or revocation, a parking permit shall remain valid for such time as the holder continues to reside within the Borough.

E. For purposes of this Part, the person to whom a parking permit is issued shall be deemed its holder and shall be responsible for the use or misuse of any parking permit issued to him or her.

12. *Rules and Regulations.*

If a temporary parking permit is revoked, the holder shall deliver it to the Borough Manager. Parking with a revoked temporary parking permit shall be the same as parking without a parking permit. Violators shall be ineligible for a temporary parking permit for 1 year.
